

Angela Mill

Having a busy life doesn't mean you can't have a well decorated home.

Angela lives a very busy life, and during the holidays, she rarely has time to shop for decorations in person.

However, Angela wants to make sure her house is pretty for the holidays.

Angela finds an app and website that lets her see how decorations for purchase on the site look like in her house.

With the app, she can custom move the decorations around and see how each would fit into her space.

Her purchased decorations are delivered to her doorstep.

Lo-and-behold, the decorations fit perfectly!
Mission accomplished!

From rags to riches—our app helps both business owners and customers thrive.

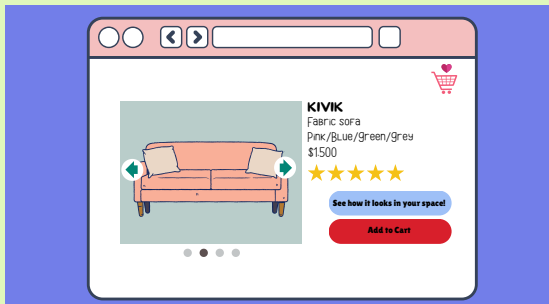

Jeffery is a furniture designer and manufacturer and loves what he does.

However, Jeffery doesn't have enough money to open up his own store. He needs to find a way to sell his furniture.

He finds a site that has a feature that allows customers to see how the furniture and decorations being sold would look like in their own homes.

Jeffery sees other furniture makers selling their furniture on the app.

Jeffery sees all the positive reviews from satisfied customers, and he is convinced that selling his furniture through this website is the key to his journey to riches.

Jeffery is ready to begin a partnership and sell his furniture!
